Tech Talk

- Date: Feb 16th, next Friday
- At Giovanni's pizza, so dinner will be a pizza buffet
- Lauren to get a quick bio of him and introduce Dr. Nelson before the talk
- Marty to take care of payments to Giovannis
- Need help for setting up. Any volunteers?

NEW Banquet

- We need more signups for National Engineers Week – one or two more seats left to fill on our table

- Encourage students to sign up as they get a special discount
- Deadline is tomorrow night

STEM Expo Day

- Saturday March 3rd @ Petco Park
- Chris got 2 parking passes to use
- We need to spend the ~\$2k this year so we can apply for the grant from General Atomics again next year. Please send activity ideas to Chris Paunescu
- Can the UCSD and SDSU students bring in some of their projects they are working on for display?

STEM in Your Backyard

- April 22nd. Similar to Stem Expo Day but it's free!
- We still need some setting up to do for this in terms of logistics. Lots of work for Chris P. He needs help as he'll be busy with work in March.

Robotics Competition

- March 7-10 in Del Mar. Similar story with the other two STEM events above. Chris to communicate with the event organizers.

Greater SD Engineering & Science Festival

- This is the event where we judge kids' science fair projects and give out awards. The winning student is invited to our end of the year banquet to present his work.
- Keith notes that the parking/room size for the banquet this year might be limited. A powerpoint presentation of the student projects might be better suited.
- We have some volunteers to go already – Abby, Lauren, Kevin, Lindsey(maybe)
- Wednesday, March 14th 12pm-3pm

Congressional Visit Day

- John will go again

YP Social Event

- Test Pilot Social @ MCAS Miramar Officer's Club
- March 22nd
- Hit up your pilot buddies
- Do unmanned aircraft pilots count?
-

Around the room

- Newsletter to come soon
- UCSD has a proposal for the \$200 grant. The money will be used to buy a new transmitter for DBF. Ruled in favor.
